Product description

Adapter a7-1: from connector No. 7 to No. 1
compatible with any interface with connector number 7 (models: PTftdi7, PTopto7)

This device allows you to upgrade your interface and expand functionality to work with additional autogas GPL ECUs installed in vehicles (we use 4-lines cable). We guarantee compatibility with any interfaces (including other manufacturers)

If You do not already have one, you can buy it at our other auctions without incurring additional costs for the shipment.
