PTa7-5 Stag adapter to autronic

Price	5.50 Euro
Availability	Always on stock
Shipping time	24 hours
Number	PTa7-5
Manufacturer	Projekt-TECH

Product description

Adapter a7-5: from connector No. 7 to No. 5
compatible with any interface with connector number 7 (models: PTftdi7, PTopt7)

This device allows you to upgrade your interface and expand functionality to work with additional autogas GPL ECUs installed in vehicles (we use 4-lines cable). We guarantee compatibility with any interfaces (including other manufacturers)

If You do not already have one, you can buy it at our other auctions without incurring additional costs for the shipment.

Specification

- flexible cable with copper wires 4x0,75mm²
- adapter length about 15cm
- **compatible with any interface with connector number 7** (connector type molex 2x4pin)

Application:

- **AC:** STAG 50
- **AUTOGAS ITALIA (AI):** LGC-700, LGC-720
- **AUTRONIC:** A-MON, AL-700, AL720/p, AL-800, AL820/p
- and others with the same connector

(see connector table available in *download* section)

If you have diagnostic interface with a different connector or You do not see the adapter needed - contact us, we have all kinds of plugs and we are ready to produce it.

Real view of adapter from connector No. 7 to No. 5

Below is an example of compatible interface plug (PTftdi7) - this interface is not included. You buy only adapter.
