Product description

Repair kit LPG with orings used in the MED solenoid valve.
Used in installations such as Tartarini and Landi Renzo.

Plastic MED LPG filter with a hole
(liquid phase) - paper

High-quality filter paper keeps contaminants from 2 µm.
Regular filter replacement every 10,000 km ensures adequate lifetime of the entire LPG system in the vehicle.

A filter from the Polish producer FILGAZ

Dimensions [mm]

- outer diameter up: 34,5
- outer diameter down: 36
- inner hole diameter up: 8
- inner hole diameter down: 15
- height: 23

With some LPG filters, a tolerance of around 1mm can be accepted (possible squeezing of gaskets)

This product has additional options:
